

**CITY OF BELLEVILLE, ILLINOIS
COUNCIL MEETING MINUTES
COUNCIL CHAMBERS – CITY HALL
MONDAY, FEBRUARY 2, 2026 – 7:00 PM**

Mayor Gain Meyer called this meeting to order at 7:00 p.m.

City Clerk Schaefer called roll. Members present on roll call: Alderperson Whitaker, Alderperson Schneider, Alderperson Duco, Alderperson Randle, Alderperson Ferguson, Alderperson Anthony, Alderperson Ovian, Alderperson Dintelman, Alderperson Kaiser, Alderperson Stiehl, Alderperson Rothweiler, Alderperson Elmore, Alderperson Weygandt, Alderperson Sullivan, Alderperson Osthoff.

Excused: Alderperson Dowling-Urban

ROLL CALL DEPARTMENT HEADS

City Clerk Schaefer called roll of Department Heads: City Treasurer, Sarah Biermann; City Attorney, Garrett Hoerner, Asst. Police Chief, Mark Heffernan; Fire Chief, Curt Lougeay; Finance Director, Jamie Maitret; Director of Public Works, Jason Poole; Director of Wastewater, Brett Friedman; Library Director, Leander Spearman; Director of IT, Ty Buckner; City Engineer, Scott Saeger; Director of Health, Housing & Building, Scott Tyler; Director of Grants & Special Projects, Eric Schauster; Director of Human Resources, William Clay; Director of Maintenance, Mike Schaefer.

Excused: Police Chief, Matt Eiskant.

PLEDGE

PUBLIC HEARING

PUBLIC PARTICIPATION

Patrick Gall: I live at 2500 Old Collinsville Road with my wife Cindy. Um, we're here in opposition to the uh Casey's at Lebanon Avenue and Old Collinsville Road. We still feel that it's a uh you know our property values, we feel still feel that our property value will go down uh measurably due to this. Uh privacy is still an issue. I know uh Aaron has talked, Aaron Wolf has talked about putting a fence, but he can't put a fence all the way to the back of our property line due to the way the land is. Uh but he has offered trees and that still doesn't keep people out. Um, and then there's the traffic issue. Uh, you're going to make an already bad situation worse by putting that there. People coming in and out of Casey's on Old Collinsville Road. Somebody's going to get really hurt. Um, that's just about all I have. You know, I stated our case many other times here. Uh, I would like to say, uh, thank you to Mr. Elmore for standing up for us in this fight. Uh, he's done a, you know, without him, we wouldn't even have a shot. So, I would just like to say thank you to him.

Retired Sergeant Lavor D. White: I live at 116 Kansas Avenue. We have a problem with speeding up and down the street. I mean, I really don't know the speed limit, but I think it's 20. But there's a certain uh people on the other side of A Street, uh they do excessive, about 40 miles an hour. I don't have a radar or a gun uh gun, but I can see from my time in the military, okay, that is too fast going down that street. Now, if they hit somebody's POV, I don't think they're insured, or at least to me, they don't care. Okay. My other

issue is the dogs, Rottweilers, Pitbulls, and all those dogs need to be muzzled. I mean, really muzzled because when the postal service people come down uh Kansas, they're in danger. So, something needs to be done about those dogs. That's all I got, man.

Mike Dill: Uh, for the last two years, the Easter crosses have not been on the square. I don't know why. Could be because of a few or we just don't believe? Uh but uh we had the Christmas display there in December, and I think the uh Easter crosses need to be there because they got a beginning and an end. So, um even if you don't believe, crosses need to be there. Thank you.

Naomi Brunner: I am speaking on behalf of myself and my husband Mark who couldn't be here. We live at 2435 Old Collinsville which would be right across the street from the proposed Casey's on Lebanon and Old Collinsville Road. We have some concerns also, as Pat was saying, uh particularly about the traffic. It's already a very dangerous intersection, especially at certain times of the day when the Belleville East students are coming and going and there's the light right there, and they just they just come flying through there and there would be an extra driveway there to consider for the Casey's. And I just also am concerned about the safety of the intersection. Also, just the busyness of having a business there. What once was a nice residential area um is really turning into more of a commercial area, which really changes everything about our neighborhood. Um, another thing we're concerned about is the additional lights. I know they close at 11 and then their security lights come on, but it is going to be brighter than it is now. Which is already bright from the other gas station that's already there. So, those are just some of our concerns and um thank you for listening to that.

Aldersperson Mary Stiehl: Jason, I just wanted to thank Jason Poole and his staff because I had at least seven to nine compliments on the snow removal last week where in the past, I've been an alderman over eight years, almost nine, I've only had complaints. So, this was kind of a new thing. So, I just wanted to thank you.

PRESENTATIONS, RECOGNITIONS & APPOINTMENTS

Recognition of the character word of the month "Trustworthiness." Truthfulness in Words and Actions. Being honest and reliable in words and actions.

Mayor Gain Meyer will read a proclamation in recognition of Black History Month.

Mayor Gain Meyer will recognize Kathy White for her commendable actions taken in assisting a fellow citizen.

Members voting aye on roll call: Duco, Randle, Ferguson, Anthony, Ovian, Dintelman, Kaiser, Stiehl, Rothweiler, Elmore, Weygandt, Sullivan, Osthoff, Whitaker, Schneider. (15)

Motion carries.

ZONING BOARD OF APPEALS

43-DEC25-CASEY'S RETAIL COMPANY: Request for a Special Use Permit for a Class C Liquor License and to operate a Convenience Store at 1801 Lebanon Avenue and 2430 Old Collinsville Road (08-14.0-103-035,08-14.0-103-005) located in a "C-2" Heavy Commercial District. (Applicable sections of the zoning code: 162.248, 162.515) Ward 1. **Zoning Board of Appeals recommended APPROVAL with a vote of 6-0.**

Aldersperson Whitaker made a motion second by Aldersperson Schneider to approve the request as read.

Aldersperson Elmore: I brought this up before that I thought this was a bad idea and uh I just want to remind everybody there's been over ten accidents in this intersection in the last 12 months. And one of the uh problems that this intersection presents is that two legs of the intersection are impeded by railroad tracks, stopped cars, long trains, the same track, but it actually impedes on two legs of this intersection. Uh thoroughfares for school buses in each direction, and it's more than just Belleville East, there's also other grade schools in the area. And another reminder is that the City Council has denied applications very similar to this before. A Dollar General store wanted to be built at 159 Westhaven School and it was denied. Uh and that was much more, this is a much more significant business at a much higher congested area and Casey's will do great wherever they're at. I can understand why they'd want to be at an intersection where everybody stopped. I totally get their business model. Uh the company has a net worth of \$22 billion. Um and here we are towards the last step. We're just about at the end of this thing. Uh tonight's liquor license, it had been through uh Planning and Zoning. Um I was not at Planning. There were some serious concerns brought up by a former City Engineer um about every "T" being crossed and "I" dotted. There was retaining wall concerns, privacy fence heights. Um unfortunately, the night that we had the planning, the Chairman of the Commission had a very good reason to be excused, but he was absent. The Planning Commission took note of the concerns, added some lighting stipulations, and uh said they would address the other concerns as they came along. Well, here we are in the last inning. Clearly, this project has legs and residents are kind of asking for two more feet on the privacy fence, which I've gone around other liquor stores, convenience stores, Moto Marts, Huck's, whatever in other cities and I'm seeing 18 tall, 18 foot tall fences, and these folks are asking for from six to eight. Um, and they can rely on the Planning Commission already approved their plan. They're good. They don't have to do anything and there's, they're not doing anything wrong. Um the Planning Commission has approved their plan, and they'll just proceed with a six-foot fence even though all the neighbors are asking for is a couple more feet. And I understand tax revenue. I've invented tax revenue. Of course, we'd love to have any tax revenue we can get, but I still worry about what cost to the public safety. Um and Mark Eckert told me a few times, take care of people first. Do what's best for residents. Do what's best for neighborhoods. And I'm not sure the number of increased accidents, the amount of increased driver frustration that will happen is what's best here. I'm not in favor of this. I sincerely ask you to consider, if a Casey's was moving into your neighborhood, next door to you, around the corner, that you have to travel in and out of every day, how thrilled you would be with having that kind of traffic in your area on a two-lane street. That's all.

Mayor Gain Meyer: Okay. Any other discussion?

Aldersperson Whitaker: Uh yeah, as Alderman Elmore mentioned, we've discussed this many times. Uh we've been through various hearings on it. Um I do have a question for the City Attorney. This was brought up at the Zoning meeting about the difference between a 6ft and 8 foot uh privacy fence and the information

available that night from city staff was that the Ordinance restricts us to six foot. Could we add a stipulation to allow for an 8-foot fence?

Mayor Gain Meyer: Well, this is for liquor though.

Alderson Whitaker: But at the Zoning they stated it was for the gas, is this not the gas station?

Mayor Gain Meyer: This is, but this is just for their liquor license. So, my understanding is that it had no bearing on this specific case at this point.

Alderson Whitaker: Okay. I thought since the to operate the convenience store was included then the Zoning Board was under the impression they could add the stipulation and we're told no.

City Attorney Hoerner: Normally you address the Liquor License issue, but you know you in the exercise of your Home Rule Authority. If you're basing it on Home Rule Authority, um I'd have to look at it with Dusty at the provision he's citing. But um you know, it's a stipulation if you added it would be an exercise of Home Rule Authority. But again, this is a Special Use Permit for purposes of the Liquor License. All Liquor Licenses are required to have a Special Use Permit. I will let Dusty speak.

EDP & Z Administrator Hosna: Sure. So, Casey's came before the Planning Commission for a site plan review per our zoning code. And at that time the fence was discussed, the landscaping was discussed and those conditions were added um per a site plan review. In our zoning code, it says that a fence is only allowed to be six foot. So, for our applicant to vary for that, they would have to vary from our code and ask to go against our code. So, um it would have been an awkward position to require them to vary from our code. Um either way, that provision was not made at the site plan review. The second step of that was a Zoning Board of Appeals in which at that point the use of a convenience store and a liquor license was review with the five factors considered in our zoning code ordinances. Considering those five factors, they voted and found those uses appropriate.

Alderson Stiehl: Um I have a question, Dusty. Um is the plan already, the Casey's is already going to be built there, and this is just asking for a liquor license?

EDP & Z Administrator Hosna: So ultimately this is approving the use. Zoning Board, Planning Commission approves a site plan with new builds and the commercial. When there's a commercial new build coming to Belleville, they go before the plan commission. They make the recommendation to you guys. You guys approved the site plan, for the uses, it's allowing that property to have that use. So, if the use was denied, they'd still be able to build. They just would not have the use of convenience store or the use of an establishment with a liquor license.

Alderson Stiehl: Thank you. That's very clear.

Alderson Whitaker: Just to finish, uh, you know, we've been through this. We've been through Planning Commission. We've reviewed site plans. Um I understand the traffic concerns from the traffic study presented by Casey's uh at multiple meetings. It was actually mentioned that there could be improvements based on the way traffic flows with new uh entrances and egresses. And I also want to remind the Council that this property is now C2 Commercial, and there are other things that could go there allowable by right without a Special Use Permit that would far increase the amount of traffic such as a

fast-food restaurant store or something else. Um this is a commercial corner. Um it has been you know marketed for that for years, and I think this would be a good addition to Ward 1. Thank you.

Alderson Ovia: What will be their hours of operation? If they go ahead and approve tonight.

Alderson Whitaker: They said at the committee 5 a.m. to 11 p.m.

Alderson Randle: Yeah. My question would be for Garrett as well. Um, if I'm not mistaken, we have done variances where we've permitted 8ft fences that we've gone outside the regular zoning ordinance of six feet, and we have approved 8-foot fences in other areas of the city. So, if I understand what's being requested here correctly, and where we're going with this, denying the Special Use Permit for liquor license and the ability to operate a convenience store is our only leverage at this point in time to have them come back and agree to raise the height of the fence. Is that not correct?

City Attorney Hoerner: At this point um because I think as Dusty indicated, the site plans have already been reviewed by the Planning Commission and approved, and these generally are what you discussed Alderman Randle was a variance and this wouldn't be a variance. They haven't sought a variance from the six-foot fence that's required, but you would be imposing something that's normally not related necessarily to a liquor license or the or the use.

Alderson Randle: Thank you.

Director of Grants & Special Projects Schauster: I think Garrett kind of answered what I was going to say is that it was a variance that you know we've had variance requests before for taller fences than six feet. Uh but not to my knowledge has there been the city has put a stipulation on a on a request that would require a variance. Uh and if we did that, I don't know if we'd have to go through the variance process if you approved if you made a stipulation that it have to be an 8 foot fence. I don't know if we'd have to go back through Zoning Board or back through Planning Commission. We'd actually have to get a variance then to uh accommodate that height because it's outside the code.

Alderson Schneider: But the deal with the fence and all that, that's been passed and that's gone through several meetings and committees and all that. So, that has been if it was going to be changed, we should have changed it then or as, but we're just dragging this on for these people. I mean that as Alderman Whitaker said that property has been sitting vacant for many, many years, and if they get a McDonald's, Taco Bell, or anything like that in there, you talk about traffic with this um gas station, you're going to have a lot more. And as the people said from Casey's with the gas station, was it six or seven? It would only increase a little bit because you're not going to drive there just to go to the they're going to be stopping on their way in the traffic. This, you know, you're going to be stopping in there anyway, but to put in another restaurant or something like that, it's going to be a lot of extra traffic and that would be a lot longer than what the gas station is. The gas station, they said the interval times. Do you remember what you said about the times on the um the peak flow of traffic?

Mayor Gain Meyer: He can't talk. Sorry.

Alderson Schneider: So, I think we're just beating it. We're this far. We're dragging it on, I think.

Mayor Gain Meyer: Anybody else for discussion? No. All right, we'll go ahead and do a roll call.

Members voting aye on roll call: Ferguson, Anthony, Dintelman, Kaiser, Stiehl, Rothweiler, Weygandt, Sullivan, Osthoff, Whitaker, Schneider, Duco. (12)

Members voting nay on roll call: Randle, Ovian, Elmore. (3)

Motion carries.

1-JAN26-ALEXANDER WITHORN: Request for a Special Use Permit to operate a Short-Term Rental/Air BnB at 224 Voss Place (08-21.0-315-002) located in a “A-2” Two Family Residence District. (Applicable sections of the zoning code: 34.043, 154.15, 154.46, 154.49, 162.169, 162.515) Ward 2 **Zoning Board of Appeals recommended APPROVAL with a vote of 6-0.**

3-JAN26 – DAVID HITE: Request for a Special Use Permit for a Liquor License and Outdoor Seating for a restaurant at 104 West Main (08-21.0-443-046) located in a “C-2” Heavy Commercial District. (Applicable sections of the zoning code: 162.248, 162.515) Ward 5 **Zoning Board of Appeals recommended APPROVAL with a vote of 5-0.**

4-JAN26 – THE ROUNDABOUT BAR & GRILL: Request for a Sign Installation Permit in the Area of Special Control at 104 West Main (08-21.0-443-046) located in a “C-2” Heavy Commercial District. (Applicable sections of the city code: 155.052, 155.053, 155.090) Ward 5 **Zoning Board of Appeals recommended APPROVAL with a vote of 5-0.**
