**Rick Brown**

Mr. Brown stated he has a mentally ill person in his neighborhood that tried to burn his home down and the home next door. Mr. Brown stated he called 9-11 and the Belleville Police and Fire Department arrived within three minutes. There is another person in his neighborhood that came to the scene and tried to convince the police and fire department that Mr. Brown was the one that set the fire. The person is running for alderman, Dennis Weygandt. Mr. Brown stated he was very upset and Mr. Weygandt was not there when it happened. Mr. Brown stated he caught the perp. Mr. Brown stated he tried to make a complaint for obstruction of justice against

Dennis Weygandt for interfering and lying to the police and fire department; however, no one will take the complaint. The State Police is looking in to it now.

**Michael Hagberg**

Spoke regarding the St. Patrick's Day Parade. The event organizer stood before this council and stated there would be no political entries in the parade. You and the public were lied to. Select city aldermen and very select city officials along with select candidates were seen walking in the parade. He as a candidate was not notified that any rules had been changed after he spoke at city council saying there would be no political entries in the parade. Mr. Hagberg stated he believes the cleanup of this event is funded with tax payers dollars and not paid for by the event itself. Because of being lied to about political entries not being banned from the event he requests the tax payers funded cleanup not be renewed for future years. And those city officials that participated should be disciplined.

**Stewart Lannert**

The mayor, aldermen do not have a clue as to the TIFs, free money really amounts to. How can you predict what the situation will be 20 years in advance. His main concern in Belleville is reckless spending. Why was a million dollars given for Bicentennial Park and Calhoun only paid \$150,000. \$3,000,000 for a sewer to nowhere; \$200,000 to Ruler Foods (owned by the million Kroger Corporation); \$500,000 to buy the Meredith Home; a streetscape with only nickel and dime business along it.

*Discussion...*

Alderman Randle recommended reducing the rate for seniors and those on fixed income i.e. social security or disability. They already have trouble having ends meet financially. They are not receiving an 8% annual increase in their checks and are constantly challenged by what bill do they pay now. How can a family of three hold on to its mortgage when one spouse is temporary unemployed, a child in school and your sole income is \$700 disability check that the other spouse receives. Utility bills rise, insurance goes up, medicine increases, the city decides to raise its fees and your retired. Alderman Randle is asking for the ordinance be amended from 8% to 4% for anyone whose sole income is i.e. social security, disability or 65 years or older. Mayor Eckert and City Treasurer Hardt concurred.

City Treasurer Hardt stated the changes are to meet Illinois American Water changes on how they are relaying the use charges to the city; a representative from Illinois American Water stated the change is related to the billing system and will give a more accurate meter reading.

Alderman Hazel asked if the class of citizen can be addressed in committee; City Attorney Hoerner stated yes.

(*Non-Profits are exempt*).

*Discussion...*

City Attorney Hoerner stated it was decided because of the similarities that resale, antique and secondhand be under the same umbrella. There have been issue regarding outdoor use (sidewalks) and items being left out overnight. The items the can be displayed outside will be for normal outdoor use.

Alderman Hazel asked how many business are currently in Belleville that meets this definition; Director of Economic Development, Annissa McCaskill, stated 48. Alderman Hazel asked if they are requesting to a limit of 10; Mayor Eckert stated yes and the current business will be grandfathered. Alderman Hazel asked for an explanation of ten (10); Alderman Wigginton stated is it prudent that the city does not have an over abundance of these type of store. They were put into one category since they overlap.

Director of Economic Development, Annissa McCaskill, stated the suggested number was ten; however, if the council would like to increase the number that would be appropriate. This is a strictly for a for-profit business.

Members voting aye on roll call: Pusa, Randle, Tyler, Anthony, Ovian, Silsby, Dintelman, Gaa, White, Elmore, Wigginton and Musgrove. (12)

## Attachment A – Scope of Services

PSA C- 17L0064

Effective Date: 3/14/2017

---

### Project Description:

Portions of The Orchards Subdivision, located in the City of Belleville, are within the jurisdiction purview of the Illinois Department of Natural Resources. The Illinois Department of Natural Resources requires excavation of certain areas to be compliant with IDNR's permit. Prior to proceeding with excavation, a ground survey and construction drawings are to be developed to support regulatory submittals to IDNR and the US Army Corps of Engineers and a grant application submittal to FEMA.

### Services:

The Scope of Services to be provided is limited to the following:

The following civil and site design services are anticipated for the Orchards Floodplain Mitigation Site. The tasks are listed in general order of performance, although some tasks may be conducted concurrently.

1. Survey Request – Hanson will develop a survey request for survey data collection to be completed by others. The survey request will include a narrative and illustrated description of the spatial extent of the survey, the type of data to collect, and the desired coordinate system and format for the deliverable. A GIS shapefile will be provided to Client with the survey request.
2. Construction Drawings – Hanson will generate a terrain surface for the floodplain mitigation area based on the compilation of LiDAR data and survey data to be provided by others. A contour grading plan will be developed considering the terrain surface and the ordinary high water mark information gathered previously by Hanson. The grading plan will be developed to avoid disturbance of soil below the ordinary high water mark. Construction drawings will be developed to include a plan view of the site showing proposed grading contours, temporary erosion control methods and limits, general notes and quantities, and cross-section views showing the existing conditions and proposed excavation.
3. Opinion of Probable Construction Cost – Hanson will calculate quantities for the acreage of tree removal and excavation of soil required to construct the floodplain detention area. Unit costs for tree removal, excavation of soil, hauling, and soil disposal will be based on data in the IDOT BIDTABS database. The haul distance used in the development of the opinion of probable construction cost will be provided by Client.
4. Modeling Confirmation – A terrain surface of the contour grading plan will be developed and compared to the existing terrain surface. A proposed conditions stage-storage curve will be calculated and entered into the HEC-RAS hydraulic model previously completed for the Hanson-Gonzalez Flood Study. The model will be executed to assess the relative benefit of the excavation on reduction of floodplain water surface elevations for the 10-year and 100-year critical duration flood events. Hydraulic model results will be documented in a summary memorandum and provided to Client for submittal to IDNR/OWR to support resolution of outstanding permit requirements associated with the site.
5. Coordination – Hanson will coordinate with Client to discuss the results of the survey, terrain development, proposed grading plan, and hydraulic model results. It is assumed that all coordination between Client and Hanson will occur via phone conversations and e-mails. The scope of services includes attendance at two project meetings; one at IDNR and one at the City of Belleville.

6. Grant Application Assistance – Hanson will assist Client with preparation of an application for one of FEMA’s hazard mitigation assistance grant programs. Tasks are limited to assistance with development of a Benefit Cost Analysis using FEMA BCA Toolkit 5.2.1 (a downloadable program), assistance with writing narrative to address grant application questions, coordination with Client, and assembly of the grant application materials and exhibits into a pdf document. It is understood that Client will participate in the effort required to develop the grant application.

## General Conditions

**Hanson Agreement: C-17L0064**

**Agreement Date: March 14, 2017**

**Project Name:** Design, construction drawing, and grant application services for The Orchards subdivision floodplain mitigation site located upstream of Jack Nicklaus Drive, City of Belleville, IL

**1. Invoices:** Charges for services will be billed at least as frequently as monthly, and at the completion of the Project. CLIENT shall compensate HANSON for any sales or value added taxes which apply to the services rendered under this agreement or any addendum thereto. CLIENT shall reimburse HANSON for the amount of such taxes in addition to the compensation due for services. Payment of invoices shall not be subject to any discounts or set-offs by the CLIENT unless agreed to in writing by HANSON. Invoices are delinquent if payment has not been received within 30 days from date of invoice. There will be an additional charge of 1 1/2 percent per month compounded on amounts outstanding more than 30 days. All time spent and expenses incurred (including attorney's fees) in connection with collection of any delinquent amount will be paid by CLIENT to HANSON per HANSON's current fee schedules.

**2. Termination:** This Agreement may be terminated by either party upon written notice. Any termination shall only be for good cause such as legal, unavailability of adequate financing or major changes in the scope of services. In the event of any termination, HANSON will be paid for all services and expenses rendered to the date of termination on a basis of payroll cost times a multiplier of 3.0 (if not previously provided for) plus reimbursable expenses, plus reasonable termination expenses, including the cost of completing analyses, records, and reports necessary to document job status at the time of termination.

**3. Reuse of Documents:** All documents including reports, drawings, specifications, and electronic media furnished by HANSON pursuant to this Agreement are instruments of its services. They are not intended or represented to be suitable for reuse by CLIENT or others on extensions of this project, or on any other project. Any reuse without specific written verification or adaptation by HANSON will be at CLIENT's sole risk, and without liability to HANSON, and CLIENT shall indemnify and hold

harmless HANSON from all claims, damages, losses and expenses including court costs and attorney's fees arising out of or resulting there from. Any such verification or adaptation will entitle HANSON to further compensation at rates to be agreed upon by CLIENT and HANSON.

**4. Standard of Care:** Services performed by HANSON under this Agreement will be conducted in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions. No other representation expressed or implied, and no warranty or guarantee is included or intended in this Agreement, or in any report, opinion, document or otherwise. Nothing in this Agreement is intended to create, nor shall it be construed to create, a fiduciary duty owed by either party to the other party. Hanson is not acting as a municipal advisor to CLIENT as defined by the Securities and Exchange Commission.

**5. General Liability Insurance and Limitation:** HANSON is covered by general liability insurance for bodily injury and property damage arising directly from its negligent acts or omissions, with limits which HANSON considers reasonable. Certificates of insurance shall be provided to CLIENT upon request in writing. HANSON shall not be responsible for any loss, damage or liability beyond the amounts, limits and conditions of such insurance. HANSON shall not be responsible for any loss, damage or liability arising from any act or omission by CLIENT, its agents, staff, other consultants, independent contractors, third parties or others working on the Project over which HANSON has no supervision or control.

**6. Suspension of Services:** If CLIENT fails to make payments when due or otherwise is in breach of this Agreement, HANSON may suspend performance of services upon five (5) calendar days' notice to CLIENT. HANSON shall have no liability whatsoever

to CLIENT, and CLIENT agrees to make no claim for any delay or damage as a result of such suspension.

**7. Consequential Damages:** Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither CLIENT nor HANSON, their respective officers, directors, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for incidental, indirect, or consequential damages arising out of or connected in any way to this Project or this Agreement. This mutual waiver of consequential damages shall include, but not be limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation and any other consequential damages that either party may have incurred from any cause of action including negligence, strict liability, breach of contract and breach of strict and implied warranty. Both CLIENT and HANSON shall require similar waivers of consequential damages protecting all the entities or persons named herein in all contracts and subcontracts with others involved in the Project.

**8. Contingency Fund:** The Client and Hanson acknowledge that changes may be required during construction because of possible omissions, ambiguities or inconsistencies in the plans and specifications and, therefore, that the costs of the project may exceed the construction contract sum. The Client agrees to set aside a reserve in the amount of Five Percent (5%) of the actual project construction costs as a contingency reserve to be used, as required, to pay for any such increased project costs. The Client further agrees to make no claim by way of direct or third-party action against Hanson or sub-contractors and subconsultants with respect to any payments within the limit of the contingency reserve made to the construction contractors because of such changes or because of any claims made by the construction contractors relating to such changes.

**9. Additional Limitation:** In recognition of the relative risks and benefits of the Project to both the CLIENT and HANSON, the risks have been allocated such that the CLIENT agrees that for the compensation herein provided HANSON cannot expose itself to damages disproportionate to the nature and scope of HANSON's services or the compensation payable to it hereunder. Therefore, the CLIENT agrees to limit its remedies against HANSON arising from HANSON's professional acts, errors or omissions, in any action based on strict liability, breach of contract, negligence or any other

cause of action, such that the total aggregate amount of the CLIENT's damages shall not exceed \$50,000 or HANSON's total net fee for services rendered on the Project, whichever is greater. This limitation pertains to HANSON and to its subcontractors and subconsultants, and applies as a single aggregate amount to all work performed under the Agreement, including all work performed under an amendment or modification. If CLIENT desires a limit greater than that provided above, CLIENT and HANSON shall include in this Agreement the amount of such limit and the additional compensation to be paid to HANSON for assumption of such additional risk. CLIENT must notify HANSON in writing, before HANSON commences any services, of CLIENT's intention to negotiate a greater limitation of remedies against Hanson and its associated impact on services, schedules, and compensation. Absent CLIENT's written notification to the contrary, HANSON will proceed on the basis that the total remedies against HANSON is limited as set forth above.

**10. Personal Liability:** It is intended by the parties to this Agreement that HANSON's services in connection with the Project shall not subject HANSON's individual employees, officers or directors to any personal legal exposure for the risks associated with this Project. Therefore, and notwithstanding anything to the contrary contained herein, the Client agrees that as the Client's sole and exclusive remedy, any claim, demand or suit shall be directed and/or asserted only against HANSON, a Delaware corporation, and not against any of HANSON's individual employees, officers or directors.

**11. Assignment:** Neither party to this Agreement shall transfer, sublet, or assign any rights or duties under or interest in this Agreement, including but not limited to monies that are due or monies that may become due, without the written consent of the other party. Subcontracting to subconsultants, normally contemplated by HANSON as generally accepted business practice, shall not be considered an assignment for purposes of this Agreement.

**12. Statutes of Repose and Limitation:** All legal causes of action between the parties to this Agreement shall accrue and any applicable statutes of repose or limitation shall begin to run not later than the date of Substantial Completions. If the act or failure to act complained of occurs after the date of Substantial Completion, then the date of final completion shall be used, but in no event shall any statute of repose or limitation begin to run any later

than the date HANSON's services are completed or terminated.

**13. Dispute Resolution:** In an effort to resolve any conflicts that arise during the design and construction of this Project or following completion of this Project, the CLIENT and HANSON agree that all disputes between them arising out of or relating to this Agreement or this Project shall be submitted to nonbinding mediation.

**14. Authority and Responsibility:** HANSON shall not guarantee the work of any Contractor or Subcontractor, shall have no authority to stop work, shall have no supervision or control as to the work or persons doing the work, shall not have charge of the work, and shall not be responsible for safety in, on, or about the job site or have any control of the safety or adequacy of any equipment, building component, scaffolding, supports, forms or other work aids.

**15. Right of Entry:** CLIENT shall provide for HANSON's right to enter property owned by CLIENT and/or others in order for HANSON to fulfill the scope of services for this Project. CLIENT understands that use of exploration equipment may unavoidably cause some damage, the correction of which is not the responsibility of HANSON.

**16. Utilities:** CLIENT shall be responsible for designating the location of all utility lines and subterranean structures within the property line of the Project. CLIENT agrees to waive any claim against HANSON, and to defend, indemnify and hold harmless from any claim or liability for injury or loss arising from HANSON or other persons encountering utilities or other man-made objects that were not called to HANSON's attention or which were not properly located on plans furnished to HANSON. CLIENT further agrees to compensate HANSON for any time or expenses incurred by HANSON in defense of any such claim, in accordance with HANSON's prevailing fee schedule and expense reimbursement policy.

**17. Job Site:** Services performed by HANSON during construction will be limited to providing assistance in quality control and to deal with questions by the CLIENT's representative concerning conformance with drawings and specifications. This activity is not to be interpreted as an inspection service, a construction supervision service, or guaranteeing the Contractor's performance. HANSON will not be responsible for construction means, methods, techniques,

sequences or procedures, or for safety precautions and programs. HANSON will not be responsible for the Contractor's obligation to carry out the work in accordance with the Contract Documents. HANSON will not be considered an agent of the owner and will not have authority to direct the Contractor's work or to stop work.

**18. Opinions of Cost:** Since HANSON has no control over the cost of labor, materials or equipment or over a Contractor's method of determining prices, or over competitive bidding or market conditions, its opinions of probable Project cost or construction cost for this Project will be based solely upon its own experience with construction, but HANSON cannot and does not guarantee that proposals, bids or the construction cost will not vary from its opinions of probable costs. If the CLIENT wishes greater assurance as to the construction cost, he shall employ an independent cost estimator.

**19. Shop Drawing Review:** CLIENT agrees that HANSON's review of shop drawings, when such review is included in the scope of services, shall be solely for their conformance with HANSON's design intent and conformance with information given in the construction documents. HANSON shall not be responsible for any aspects of a shop drawing submission that affect or are affected by the means, methods, techniques, sequences and operations of construction, safety precautions and programs incidental thereto, all of which are the Contractor's responsibility. The Contractor will be responsible for lengths, dimensions, elevations, quantities and coordination of the work with other trades. CLIENT warrants that the Contractor shall be made aware of his responsibilities to review shop drawings and approve them in these respects before submitting them to HANSON.

**20. Record Drawings:** CLIENT agrees that HANSON's preparation of record drawings, when such preparation is included in the scope of services and such preparation is based on information furnished by the Contractor and/or other third parties, will be made under the assumption that all furnished information is reliable and that HANSON cannot and does not warrant the accuracy of the furnished information. In the event that the scope of services additionally provides for HANSON to conduct surveys, investigations, and field measurements to collect or verify the information needed for the record drawings, HANSON will conduct such services with the standard of care as set forth in these General Conditions

**21. Confidentiality:** Each party shall retain as confidential, all information and data furnished to it by the other party which are designated in writing by such other party as confidential at the time of transmission, and are obtained or acquired by the receiving party in connection with this Agreement, and said party shall not disclose such information to any third party.

**22. Third Party Beneficiaries:** Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either CLIENT or HANSON. HANSON's services under this Agreement are being performed solely for the CLIENT's benefit, and no other party or entity shall have any claim against HANSON because of this Agreement or the performance or nonperformance of services hereunder. CLIENT and HANSON agree to require a similar provision in all contracts with contractors, subcontractors, subconsultants, vendors, and other entities involved in this Project to carry out the intent of this provision.

**23. Severability:** If any term or provision of this Agreement is held to be invalid or unenforceable under any applicable statute or rule of law, such holding shall be applied only to the provision so held, and the remainder of this Agreement shall remain in full force and effect.

**24. Survival:** Notwithstanding completion or termination of the Agreement for any reason, all rights, duties, obligations of the parties to this Agreement shall survive such completion or termination and remain in full force and effect until fulfilled.

**25. Entire Agreement:** This Agreement is the entire Agreement between the CLIENT and HANSON. It supersedes all prior communications, understandings and agreements, whether written or oral. Both parties have participated fully in the preparation and revision of this Agreement, and each party and its counsel have reviewed the final document. Any rule of contract construction regarding ambiguities being construed against the drafting party shall not apply in the interpreting of this Agreement, including any Section Headings or Captions. Amendments to this Agreement must be in writing and signed by both CLIENT and HANSON.

**26. Modification to the Agreement:** CLIENT or HANSON may, from time to time, request modifications or changes in the scope of services to

be performed hereunder. Such changes, including any increase or decrease in the amount of HANSON's compensation, to which CLIENT and HANSON mutually agree shall be incorporated in this Agreement by a written amendment to the Agreement.

**27. Governing Law:** This Agreement shall be governed by and interpreted pursuant to the laws of the State of Illinois.

Searching by Name

You can enter the first few or all characters of the first and/or last name of the person you are looking for. This will return all results for offenders beginning with those letters.

Do NOT include common suffixes such as JR, SR, I, II, III, etc.

Letters and hyphens only. Do NOT include numbers or any other special characters such as commas, periods, accents, etc.

Searching by Zip Code

You can enter an exact zip code (5 digits) or a partial zip code. Entering 626 will return offenders in all zip codes that start with 626.

The spacing of your request can make a difference in your results. Searching on DeKalb will return records, but searching on De Kalb will return zero records.

Searching by County

In addition to Counties, choices are available for INCARCERATED and OUT OF STATE at the bottom of the list.

THE INFORMATION BELOW IS CONFIDENTIAL - FOR USE BY AUTHORIZED PERSONNEL ONLY

At approximately 1430hrs I, Ofc Cimonetti, along with other OLPD units were dispatched to the above listed address for a possible burglary. Upon arrival I spoke with the caller, VI Timothy O'Connell, who reported the following.

O'Connell stated that he was heading back toward his house driving n/b on Georgia Ln. O'Connell noticed that there was a vehicle parked w/b in front of his house and someone walking away from his house down the driveway. As O'Connell came closer to the house and pulled into his driveway he watched the suspect, m/w with shoulder length brown hair, stand by the driver side of the listed vehicle. When O'Connell got out of his car to go and confront the suspect for walking down his driveway, the suspect quickly got into the listed vehicle and headed w/b on 103rd pl. then vehicle turned s/b very quickly and accelerated away. When asked O'Connell stated that all of the doors were closed but none of them were locked.

Ofc Rickter and I cleared the house. While clearing the house I noticed that every door in the house had been opened, including all exterior doors. O'Connell and his mother, VI Allison Kochert, did a walk through of the house in order to see if anything was missing or out of place. O'Connell found a Michael Kours gift bag that was hanging in Kochert's room sitting by the front door with an xbox charger, 4 xbox games, and a play station 3 controller in it. O'Connell also found that there was a first generation white xbox 360 missing. Kochert found 2 out of 5 boxes missing from the living room, the boxes were supplies that Kochert's sister had mailed. The value of the missing boxes was not known at the time of this report.

Detectives, Det Olson and Det Schmidt, and ET Scannell, were notified and arrived on scene.

While conducting a canvas of the area I spoke with a neighbor, WI Romero Socorro at 10301 S Georgia Ln. Socorro said that she saw the suspect walking from the listed address and put something in the trunk of the listed vehicle. Socorro said she then waved to the suspect, who she didn't recognize but thought was a friend of O'Connell, as he walked back up toward the residence.

O'Connell and Kochert were given a report number and an Identity theft sheet. Complaints will be signed.

Ofc. Cimonetti requested me to the scene of a Burglary at 5524 W. 103rd Pl. I walked through the residence with Ofc. Cimonetti and the victim. It appears the offender(s) made entry through the unsecured front door. The victim could only point out videogames that were moved to the kitchen table by the offender(s.) Nothing else in the residence appeared to have been handled or disturbed by the offender(s.)

I photographed the exterior and the interior of the residence, including the videogames that were moved to the kitchen table. I transferred those 41 photographs to the dedicated digital storage computer and to a disc.

I used conventional black powder on the four videogames. I was able to recover latent prints off a Playstation III Fear videogame and latent prints off a XBox Call of Duty Ghosts videogame. I used tape to lift the prints and place them on a backing card.

I inventoried the disc and the two print cards.

RE: Craft Beer Walk, June 17, 2017

Dear Mr. Cook:

I am writing on behalf of the Belleville Main Street Committee of the Greater Belleville Chamber of Commerce.

We are requesting permission to hold the annual Craft Beer Walk on Saturday, June 17<sup>th</sup> from 4-7 pm. This annual event provides local craft brewers a chance to set up samplings inside of Belleville Main Street Businesses. Participants pay to sample up to 15 different beers. Belleville Main Street will obtain a liquor license for tastings and insurance for the event. Approximately 400 people are expected. If possible, we would appreciate 5 picnic tables at each location. No further services would be required from the city other than street closure barricades.

We also plan to host various musicians to provide entertainment. If weather permits, we would like to have some musicians set up outside in "bump out" areas. Additionally, we would like permission to set two larger music "station".

- 2- Half of North Second Street: From West Main north ½ block. The closure would be from 2-9 pm with the following time frame of events: 2-4 set up, 4 – 7 music, and 7-9 pm clean up.

RE: Belleville Main Street Retail Events for 2017

Dear Mr. Cook:

I am writing on behalf of the Belleville Main Street Committee of the Greater Belleville Chamber of Commerce. Detailed below are Retail Events the committee has planned for 2017. None of these require street closures or additional services from the City; we only request permission to hold these with the potential use of the sidewalk outside each merchant's location, weather permitting. The opportunity to set up merchandise outside their businesses as part of a these events is a low cost/high visibility marketing program to entice more people to shop downtown.

- Sidewalk Sales: July 28<sup>th</sup> and 29<sup>th</sup>
- Shop Local for schools: September 9<sup>th</sup> (Portion of sale proceeds support local schools)
- Pre-Holiday Open House: November 10<sup>th</sup> and 11<sup>th</sup>
- Small Business Saturday: November 25<sup>th</sup>

Should you have further questions, please do not hesitate to contact me at 618-233-2015.

Thank you in advance for your kind attention to this matter.

I am writing on behalf of the Belleville Main Street Committee of the Greater Belleville Chamber of Commerce.

We are requesting permission to hold the annual Art & Wine Walk on Saturday, November 4<sup>th</sup> from 4-8 pm. This annual event provides local wineries a chance to set up samplings inside of Belleville Main Street Businesses. Participants pay a few to sample 15 different wines. If weather permits, we would like to have some musicians set up outside in "bump out" areas. Approximately 400 people are expected.

RE: Ladies' Night Out at Tavern On Main, Saturday, July 20th

Dear Mr. Cook:

I am writing on behalf of the Belleville Main Street Committee of the Greater Belleville Chamber of Commerce.

I am requesting permission for Tavern on Main who would like to close off a portion of Church street from 3-9 pm to provide additional space for their annual evening for Ladies' Night Out. Barricades will be needed for this event to protect the 100 ladies dining al fresco, but all clean up will be provided by Tavern on Main and Belleville Main Street. 8 picnic tables would be very much appreciated for this event, as well.

RE: Old Town Market; May 6 – November 4, 2017

Dear Mr. Cook:

I am writing on behalf of the Belleville Main Street Committee of the Greater Belleville Chamber of Commerce.

We are requesting permission to move the Old Town Farmers' Market to the following location (A map is attached for your reference):

- the first block of South Charles (highlighted blue on the map),
- the gravel parking lot directly to the East of the South Charles (highlighted blue on the map),
- and, if there is a large vendor response this year, one portion of the parking lot to the West of South Charles (highlighted pink on the map).

We consulted surrounding businesses which potentially could be directly affected and have support from them, including: Grimm & Gorly, Crystal & Spice Shoppe, Toots' Local Lucy's, Tavern on Main, Big Daddy's, Eye on Design, Boeving Barber Shop, Community Kindness Resale Shop, Papa Vitos, and the Belleville Main Street Committee as a whole. A coalition of Belleville Main Street merchants, Old Town Market vendors, and city officials have worked together to find a location that best serves all parties with limited disruption to downtown Belleville traffic.

We are requesting street closure barricades at East Main and East Washington every Saturday from 6:30 am until 1:00 pm, May 6 through November 4.

Upon approval, we will conduct a marketing campaign around the theme of "Let's go to Market Saturday", a copy of which is attached, focused on filling the market, the retail establishments, and the restaurants with customers.

Should you have further questions, please do not hesitate to contact me at 618-233-2015.  
Thank you in advance for your kind attention to this matter.

Sincerely
