Application for Amendment: Lochmueller Group

Application Filed: 06/24/2021

41-JUL21 – Lochmueller Group: Request for a Sign Installation Permit in the Area of Special Control for 18B East Main Street (08-21.0-445-013) located in a "C-2" Heavy Commercial District (Applicable sections of the zoning code: 155.052, 155.053) Ward 6

Witnesses having been sworn, evidence presented and the Board fully advised in the premises, the Board has considered the following:

(A) Relationship of the graphic to the building or premises, particularly in terms of scale. In no case shall a graphic cover or interrupt major architectural details such as columns, friezes, and door and window heads.

(B) Similarity or dissimilarity of the graphic's size and shape to that of other graphics in the area.

(C) Compatibility of the type of illumination (if any) with the "period look" to be achieved. For example, neon tube lighting except in very unusual cases would not be compatible with a "Gay 90's period" look.

(D) Compatibility of the materials used in constructing the graphic with the materials of other graphics in the area. For example, an aluminum graphic might not be compatible with a wooden graphic.

(E) Compatibility of the graphic's mode of erection with that of other graphics in the area. For example, a free-standing graphic would likely be a jarring note if the vast majority of the other graphics were flush-mounted.

(F) Any other reasonable criteria which the Board may devise, subject to the approval of the City Council

41-JUL21: A motion was made to APPROVE the Request for a Sign Installation Permit in the Area of Special Control for 18B East Main Street by Don Rockwell. It was seconded by Mitoshia Scott. The motion carried 5-0.

*IT IS THEREFORE the recommendation of the Zoning Board of Appeals that a Request for a Sign Installation Permit in the Area of Special Control be **GRANTED BY A UNANIMOUS VOTE OF ALL MEMBERS PRESENT OF 5-0.***

Aldermen Present: None

Witnesses having been sworn, evidence presented and the Board fully advised in the premises, the Board has considered the following:

- (1) The proposed variance is consistent with the general purposes of this chapter (see Section 162.001); and
- (2) Strict application of the district requirements would result in great practical difficulties or hardship to the applicant, and prevent a reasonable return on the property; and
- (3) The proposed variance is the minimum deviation from such requirements that will alleviate the difficulties/hardship, and allow a reasonable return on the property; and
- (4) The plight of the applicant is due to peculiar circumstances not of his or her own making; and
- (5) The peculiar circumstances engendering the variance request are not applicable to other property within the district and, therefore, that a variance would be a more appropriate remedy than an amendment (rezoning); and
- (6) The variance, if granted, will not alter the essential character of the area where the premises in question are located, nor materially frustrate implementation of the city’s Comprehensive Plan.

42-JUL21: A motion was made to APPROVE Request for an Area/Bulk Variance to construct a gazebo in the front yard at 202 East E Street contingent upon an administrative site plan review and approval by City of Belleville Fire, Wastewater, Engineering, Code Enforcement, Economic Development, and Building Departments by Don Rockwell.
