**PLEDGE**

**PUBLIC HEARING**

**Mayor Gain Meyer:** We do have a public hearing tonight regarding the Special Service Area 4 for the levy of Property Taxes and the issuance of bonds. Jamie and Eric, do you want to say a few minutes or say a few words? And then we'll invite the public up. If you want to speak, you have two to three minutes to speak on the topic.

Public Hearing regarding the Special Service Area 4, the levy of Property Taxes within the Special Service Area and the issuance of Bonds

**Finance Director Maitret:** Good evening. As all of you know, a few months ago, we actually had a public hearing for the creation of this new Special Service Area. There was a clerical error in that Ordinance, so we had to redo everything, including the Notices and the Public Hearings. To create a Special Service Area, you have to set a maximum dollar amount to levy as well as a maximum rate. So, if the EA changes dramatically, there's, there's limits. It was meant to be 3% or \$50,000, whichever is lesser. They put three cents per hundred dollars, which equated to about \$3,000 instead of the anticipated about \$40,000. So, this cleans that up. As we mentioned at that Public Hearing, that was all with the intent to keep the levy about what it was with the Special Service Area that just expired. That last Levy was around \$140,000, \$40,000 for their general use for the Downtown Committee, as well as \$100,000 towards those bonds. Question came up, have we already bonded? Do we know what we're going to bond? The committee has not finalized that yet. They did make it very clear they want to keep the tax amount what it was before. So, like I said, about \$100,000 for the bond

payments, \$40,000 for their general use in the district. That would keep the tax amount on each building pretty much exactly what it was before the district expired about a year ago.

**Ahsan Raji:** Good evening. I'm here for long Q4. Last time you told us that the rate was \$0.03 per one hundred. Now it is saying there's three percent. And it's called a clerical error. So, \$0.03 \$3 mistake, that's a 10,000% increase. So, in what world is that acceptable? My bank accidentally charged me ten hundred times what they lent you. I don't think they would call it a clerical error. They probably call it a crime. You keep telling us that. Not to worry because there is a \$50,000 cap on Service Tax. You say that means most of us will only pay three to five hundred dollars a year. So that part is actually true for the service portion. But here's what you are not saying that 3 to 500 is healthy appetizer. The main course is 1.5 million round. And with 9% increase that round is going to cost us 4.4 million total. That 2.9 million is pure interest. So, it means that almost \$3 in interest or for every single dollar we hold. So honestly, if I run my business like that, I would be bankrupt. If you run your household like that, you lose your home. I guess it's easy to be relaxed about other people's money, public money. It's our money when it's not your own wallet. I suppose a few million in extra doesn't keep you awake in the night. So, what we are buying with 4.4 million? A parking garage. Drive around downtown any given night. We have plenty of parking. What we don't have is a reason to build one more. So, this isn't a solution. It's a solution in search of a problem paid by our money. So let me clear. I oppose this SSA. I oppose the bond; I oppose the garage. I oppose the way this has been handled from day one. So, you have the legal right to do this, but having rights doesn't make it wise. Hiding behind a clerical error doesn't inspire confidence. I'll just take 30 more seconds:

**Mayor Gain Meyer:** I will give you ten.

**Ahsan Raji:** 51%. That's a magical number. If we get 51%, and I'm talking about fellow property owner to sign this by number. The law says they cannot do this. So, I'll be mailing petition to all 372 property owners to sign it. And all in the Council's member, when you vote on this remember that we taxpayers are the ones who pay your salaries. We are the ones who live here. We are the ones who will be stuck with this bill for 30 years. Thank you. God bless you.

**Darla Blecha:** I have a business downtown. I understand that this increment is for parking garages mostly, is what I'm kind of, is that not true?

**Mayor Gain Meyer:** There has not been a determination yet.

**Darla Blecha:** Okay, so how does that get determined?

**Mayor Gain Meyer:** So that's part of the Downtown Belleville Development. I always get the name wrong, Commission. There's a commission that determines that.

**Darla Blecha:** So, are there any other items that that money would be going towards or being voted for to be used for?

**Mayor Gain Meyer:** They have to have one large project. Like the streetscape. That's how the streetscape was originally done.

**Darla Blecha:** Well, I used to be, my business used to be down at 11th and West Main. And at 11th and West Main, you guys also did a beautification project down here across TOCO. And I don't see it being utilized. I don't want to pay extra taxes for that are coming through to help the City and help commerce and

people drop in. But I'm kind of with this gentleman over here. I don't see our parking pool. And I think that a lot of is for improvements for people who are wanting to put rentals and lease buildings and that kind of parking. Not for sure. But that is not retail parking I am looking for.

**Mayor Gain Meyer:** We are going to officially close the Public Hearing.

## **PUBLIC PARTICIPATION**

**Jack LeChemin:** 37 North Douglas. I'm here with Molly McKenzie and found out members of the Koerner House Committee. You have two contracts on your agenda this evening. This goes back four and a half years and is funded by three state grants. Eric Schauster has been working hard on this during this whole period. So, we're now at the point where we have a project in mind which is to tear off the west side porch and a decrepit frame addition to the building. It will improve the look in the neighborhood and help us tell the story better. Secondly, I have asked for your yes vote on those. Secondly, I gave to City Clerk Shelley 20 copies of our latest booklet, God Bless the Dutch, Lincoln, and Belleville. It's a compilation of about as much as we know about Abraham Lincoln's connection to City of Belleville and his two speeches here. And I hope you get the time to read it.

- C. **Other Civil Cases.** The City currently has pending the following other civil cases in which I am representing the City (other than lawsuits being handled through the City's insurance company):

1. *City of Belleville vs. Pinnacle Eateries, LLC*. This case is filed against Pinnacle Eateries, LLC for breach of a development agreement. The City is seeking the repayment of TIF#3 funds paid to Defendant in the amount of \$20,000.00, plus un-generated sales tax from for five (5) years in the amount of \$63,000.00. Defendant has not yet responded, so we will be moving for a default judgment.
2. *Jesse Berger v. City of Belleville*. This case involves a declaratory-judgment case seeking injunctive relief against the City related to the solar-project lease of City property at Mt. Hope Cemetery. After the Court dismissed several counts of Plaintiff's First Amended Complaint, we are now awaiting the filing of Plaintiff's Second Amended Complaint.

**D. Other Miscellaneous Cases.** In addition to the above cases, there are a number of cases where the City is named as a Defendant in mortgage foreclosure lawsuits. The City is named as a Defendant because of municipal liens. These liens are typically extinguished in the foreclosure action. It is doubtful if the City will collect any of the amounts liened from these cases. There are also a number of cases where the City has filed proof of claims in Bankruptcy Court. These proof of claims are normally for sewer or trash charges and, in most cases, the City is unable to collect on any of these.

### CONTRACTOR CERTIFICATIONS

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting. In accordance with the procedure established by the appropriate Revenue Act, its liability for the tax or the amount of the tax. 2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 6/33E-3 or 720 ILCS 6/33E-4.

A violation of section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense, or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent on behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or Local government. No corporation shall be barred from contracting with any unit of State or Local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent on behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart 1 of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be canceled.
