Tears flowed like pearl drops, yet without the pang
That wrings and rends the heart strings. It would seem
A tender sorrow, scarce of anguish born,
So much the influence of surrounding charms did mitigate it.

Green Mount Cemetery Assn.

Location Beautiful. Organization Permanent.
Two miles southeast of Belleville.

Non-Profitless Charter.

In the growth of Belleville three cemeteries have been abandoned. Many unsightly and unkempt graveyards in our county are grownup jungles of brush and weeds, Quiet and undisturbed repose of our dead in a neat and well kept cemetery is the wish of every one.

These considerations induced Theophilus Harrison, D. H. Murray, John J. Thomas, F. H. Pfeifer and Wm. C. Buchanan in 1873 to purchase a beautiful location and incorporate under the non-profitless laws of the state. The income of all money to be applied to payment for the grounds and their adornment. It is an enterprise for the public good and not for individual profit.

The hundred and fifty acres two miles southeast of Belleville were purchased. The location is greatly admired and easily accessible. Nature seems to have provided a beautiful location for a resting place.

More than 165 lots have been sold and the Catholics have secured eight acres and made many interments. This will undoubtedly be the most desirable as well as the most beautiful burial place in our county.

The grounds are laid out with winding avenues. Lots are sold in all sizes and shapes to suit varied tastes. Prices range from $20 upwards, according to location and size.

Fences and stone copings are unsightly and an unnecessary expense, and are not allowed. Permanency, unequalled beauty, cheapness of lots, all things considered, the income all used to preserve and care for the grounds, make Green Mount the most desirable resting place in our county as a permanent resting place for the dead.

The publishers in this, their first issue of the Belleville City Directory, East St. Louis City Directory, St. Clair County Gazetteer and Farmers and Land Owners' Directory present its contents to a discriminating public with a feeling of assurance that the pages of the work will be found replete with valuable information and complete in all the various departments.

The work has been compiled with care and much painstaking labor has been bestowed upon the volume with accuracy and completeness. No expense has been spared in putting out a standard work, and we hope that it will be realized that our intentions have been directed to this end.

In connection with Belleville City Directory and East St. Louis Directory will be found a classified Business Directory of St. Clair county arranged alphabetically by business pursuits, followed by the St. Clair County Gazetteer and Farmers' and Land Owners' Directory, giving the names, section, township, number of acres and post office address of each.

The citizens of Belleville, East St. Louis and other villages in the county will realize that this issue of the directory furnishes superior information and in a more convenient form than any previous directories published here, by each village being separately and alone by itself, alphabetically arranged similar to that of large cities.

An exhaustive canvass has been made of the City of Belleville and a careful census taken, and find the population is about 17,040, and East St. Louis population is about 16,568, while other villages in the county will be found in the Gazetteer portion of each.

We acknowledge with many thanks the liberal patronage extended our enterprise by public spirited citizens, and it has been our purpose to supply a standard work and merit a continuance of patronage on future publications. It is a great victory for the publisher to realize that his efforts meet with some appreciation at the hands of the public, as it contributes to and influences conscientious work, even though little or no compensation may arrive from honest toil. We are indebted to the press of the county for the courtesies extended us during our toils in the fields of labor.

Respectfully,
