BELLEVILLE DIRECTORY CO.,
Compilers and Publishers,
BELLEVILLE, ILL.
Introductory.

It is with much pleasure and not a little pride that the publishers present to their patrons in Belleville this, their first edition, of the Belleville City Directory.

No trouble or expense has been spared in the compilation and publication of this work. Every effort has been made to produce a Directory as nearly as possible accurate and correct, and, while some errors may be found, it must be remembered that in a city like Belleville changes are constantly occurring.

But that this work is as nearly correct as it is possible to make it, the publishers feel assured.

A feature which has been added, and which will no doubt meet with the hearty approval of users of Directories, is a complete list of all persons who now enjoy the advantages of rural delivery. This list includes almost all families living within a radius of about six miles around Belleville.

Committing our first volume to the people of Belleville, with the desire for a critical and thorough examination of its pages, and trusting, when the requirements of the city shall have outgrown the usefulness of this Directory and a new work becomes necessary, that the public-spirited business men of Belleville will as cheerfully recognize the need, and contribute as materially to its success as they have in the present instance.
