INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1935 edition of the Belleville City Directory, which also includes Freeburg, Mascoutah, Millstadt, New Athens, O'Fallon, Shiloh and Smithton.

Confidence in the growth of Belleville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Belleville to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Belleville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT for Belleville, pages 13 to 16, presents lists of city, county and township officials; post office, public school and court Directories; statistical review; and manufacturing, trade and civic surveys. Similar departments for the other cities will be found at the beginning of the respective sections.

THE BUYERS' GUIDE, pages 21 to 54, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Belleville and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Belleville, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Belleville is included in pages 55 to 314. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Belleville, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Freeburg appears in pages 403 to 413; for Mascoutah, in pages 414 to 452; for Millstadt, in pages 433 to 439; for New Athens in pages 440 to 451; for O'Fallon, in pages 452 to 472; for Shiloh in pages 473 to 475, and for Smithton, in pages 476 to 478.
THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 315 to 402. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A feature of this section is the designation of tenant-owned homes.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 479 to 537. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Belleville and vicinity.

The Belleville Directory Library

Through the courtesy of the publishers of the Belleville City Directory, a Directory Library is maintained in the offices of the Belleville Chamber of Commerce, for free reference by the general public. This is one of 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Names Appearing in Black Letters
IN THIS DIRECTORY are the names of those people who ACCOM-
PLISH THINGS and are entitled to favorable consideration, if for no
other reason than their public-spirited support of measures which make
for progress. They represent that ENERGY AND PUSH so essential
to the commercial prosperity of the City, and in dealing with them no
mistake will be made. The publishers are honored in thus making them
better known to the public.
