WORK STARTED WITHOUT APPLYING FOR A PERMIT: DOUBLE THE FEE

All fees to be paid in advance of permit being issued. It is understood that any permit issued on this application will not grant any right of privilege to perform any electrical work not in conformance with the City of Belleville Electrical Ordinance, codes and regulation. The applicant further agrees to notify the city inspections department at appropriate states during the work to be performed to arrange for inspections.

Permits shall be issued to licensed electrical contractors or a homeowner provided the homeowner personally performs the electrical work and provided that the electrical work to be installed in the home occupied by the owner and that the home is a single-family residence. The permit will be issued with the stipulation that you own the home and will live in the home for a period not less than two (2) years.

If the electrical inspector has issued a "Notice of Noncompliance" listing defects/violations requiring corrective action and subsequently re-inspects the job and the violations have not been corrected, an additional fee of \$50 shall be assessed for additional inspection.

Any person violating provisions of this section or any part thereof, shall be fined in the amount of not more than \$500. Each day such violation is committed or permitted to continue shall constitute a separate offence and shall be punishable hereunder as such.
